Fun Activities Inspire Students to Read

Reading festivals, fairs, and parties are all part of the SC School for the Deaf and the Blind’s reading initiative. The goal is to make reading a fun activity that students enjoy.

Students can earn prizes and attend pizza parties for meeting their reading goals. They can swap books from home for new books at the red “Read Box” in the school library.

Students have read recipes and information about other countries in preparation for the International Festival. They’ve competed for awards at a unique Reading Fair that’s just like a Science Fair with display boards to promote books.

In the coming months, students can look forward to a Gingerbread Celebration and a Spelling Bee. There’s also a birthday party for Dr. Seuss complete with birthday cake and tall red and white hats. To finish up a great year of reading, there’s even a summer reading party where students can pick a book to take home, read, and keep.

“Success in life is often determined by reading ability,” said Dr. Page McCraw, director of curriculum and instruction. “We want to help students see how fun reading can be and, ultimately, to make it an ongoing part of their lives. That’s why we’re calling our new reading initiative ‘Read for Your Life.’”

School for the Deaf Selected To Participate in National Research on Reading

Our School for the Deaf has been selected to participate in a national research project to improve reading in deaf and hard of hearing children. Researchers from Georgia State University will gather data on 360 children nationwide, including 17 SC School for the Deaf students.
The research will help educators better understand the way deaf and hard of hearing students learn. The data gathered will be used to create educational models with a goal of improving reading skills from kindergarten to second grade nationwide.

The research is part of a $10 million grant to Georgia State University from the National Center for Special Education Research of the Institute of Education Sciences, the research arm of the US Department of Education.

School Improvement Meetings Now Online

Now parents can join School Improvement Council meetings online. We also provide teleconferencing for those who would like to attend the meeting at our Columbia Outreach Center. To access the meetings, go to www.scsdb.org\SchoolImprovementCouncil.
Our School is Pure Gold!

Twelve years of gold level recognition – that’s an accomplishment few schools can claim! We’re proud to have been named a Palmetto Gold School for 12 straight years.

The SC Department of Education first awarded the recognition to the SC School for the Deaf and the Blind in 2002. Ever since then, our performance on the State School Report Card has merited the award. The award recognizes excellent academic achievement.

Welcome to Access SCSDB

Dear Friend,

We’ve named our new reading initiative “Read for Your Life.” We chose the name because reading is essential to academic achievement, good jobs, and quality of life.

We’re encouraging students to read every day in every way – from Internet sites to recipes to food labels. Our goal is to make reading a lifestyle students will continue long beyond their years here.

You can help us teach the value of reading. If you are a parent, take advantage of every opportunity to read with your child. Encourage your child to read signs as you travel and labels as you shop. Mail letters to your child and ask them to write back. Include your child as you browse the Internet for vacation ideas and as you read the instructions for a new appliance.

If you are a professional serving our students, look for ways to incorporate reading into your work. Reading can be a part of fine arts, physical education, and after-school programs as well as the traditional academic classes. Use materials that naturally interest students and find creative ways to make reading fun.

We invite everyone to help with our reading activities. We invite you to come read with our students. Donations of new books, prizes, and healthy party foods are always welcome.

Help us give our students the gift of reading and all of the benefits it brings to life.

Sincerely,

Maggie

Margaret Park

President

Maggie Park has 22 years’ experience in special education programs including teacher, program director, principal, division director, adjunct professor, and administrator. She was the SC School for the Deaf and the Blind’s first National Board certified teacher.
Coming Up at SCSDB!

Students Name Shark

The state museum’s 43-foot-long shark has been named “Finn” by the students in Taylor Carvajal’s class. The museum asked our students to select their top 10 shark names. Museum volunteers narrowed the list to five, which were posted on the museum’s website for public voting. Congratulations to (left to right) Shane Aikens, Kelsey McDougald, Keilyn Bello, Taylor Carvajal, Christina Schlierholz, Kaitlin Wilson, Emily Guyton, and Salve De Gorostiza. Graduate Receives Statewide Employment Achievement Award

   Buck Woodall never expected to have such a great job – much less receive a statewide award from the Governor.

   The 2009 graduate was recognized for his work at Firehouse Subs and presented the Employment Achievement Award for Small Business last spring. He was selected from applications across the state by the Governor’s Committee on Employment of People with Disabilities.

   “We always knew Buck would be successful,” said Beth Goodenough, one of Buck’s former teachers. “He has energy, drive, and a super attitude.”

   Buck’s family relocated to Spartanburg from Ulmer, SC so that he could attend the SC School for the Deaf and the Blind. As a student, Buck was part of the Working WHEELs (We Help Educate for Employment Life Skills) Program. A cooperative effort with Wofford College, the program provided food service training in a real work environment.

   Buck travels to the Firehouse Subs in Boiling Springs by bus. His work responsibilities include refilling the ice machine, cleaning tables, taking out trash, and sweeping the parking lot. He generates extra business by serving as the restaurant’s mascot “Sparky.” In this role, he wears a Dalmatian costume and a fireman’s coat. Passersby see him dancing and twirling a sign in front of the store and turn in to eat at the restaurant.

   As the recipient of the Cedar Springs Academy’s Most Outstanding Student Award in 2009, Buck was recognized for good citizenship as well as his success in school. Buck is still a good citizen volunteering at the Whitney Fire Department, Music on Main, and his church.

   Buck was supported by SC Vocational Rehabilitation in obtaining his job and initial training. Omar Ghorbani, owner of the Firehouse Subs store, commends Buck for his dependability and for inspiring his co-workers.
Fun Jobs Pay Off at Cedar Springs Academy

Students earn pay checks, deposit them in the bank, and pay their monthly bills through a simulated work program at the Cedar Springs Academy. Through a unique real-world model, students work throughout the school and in their own businesses to develop the skills they will need in the future. Once the simulated monthly bills are paid, students can save their money or buy small items in the various classrooms.

Students businesses include cooking, gardening, candle making, and soap making. Other student jobs include cleaning the dining room, delivering mail, and washing windows. Students go on to practice their work skills at Wofford College through a community partnership.

Embracing the Possibilities
The SC School for the Deaf and the Blind works with parents and professionals to help identify and develop each student’s highest potential. Together with local school districts, we strive to match children who are deaf or blind with the best educational options to meet their individual needs.

- Options available through the SC School for the Deaf and the Blind include:
  - Early intervention programs for infants and toddlers
  - PreK-12 education programs on the main campus in Spartanburg (residential and day)
  - Specialized vision and hearing services in local school districts statewide
  - Mainstreaming opportunities with Spartanburg area school districts
  - Summer Camps for children ages 6-14
  - A wide variety of accessibility services

All services are available at no cost to families.

SCSDB is Accredited by:

- AdvancEd/Southern Association of Colleges and Schools Council on Accreditation and School Improvement
- Conference of Educational Administrators of Schools and Programs for the Deaf
- SC Department of Education

Access SCSDB is available in the following formats:

Standard – Braille – Large Print – Spanish – Screen Reader Capable
